WE EXPECTED TO REPLACE BRITTON HIGHWAY JOB

Intention Appears to Be to
Name Theodore Gary of
Kansas City as Chairman
of Commission.

**MALANG LIKELY ALSO
TO BE LEFT OUT**
G. E. McIninch of St. Joseph
Probably Will Be Placed
on Board—St. Louis May
Get One Democratic Place

By a Staff Correspondent of the
Post-Dispatch, St. Louis, Sept. 5.—

Information obtained here from persons close to Gov. Hyde is that the Governor has definitely decided that he will not reappoint Roy F. Britton, chairman of the State Highway Commission, on the new commission created by the Legislature at its special session, and which will direct the expenditure of the \$60,000,000 bond issue. It also appears that the Governor will not name John Malang, of St. Joseph, who is known as the foremost good roads man of the State.

There seems to be no question that the Governor's present intention notwithstanding his denial two weeks ago to a Post-Dispatch reporter that he had decided on any member of the commission, to name Theodore Gary of Kansas City, telephone company promoter, and financier, to the chairmanship of the commission, and George E. McIninch of St. Joseph, a member of the commission. McIninch's appointment, it is said by Republican politicians in a position to know, has been assured to him since the campaign prior to the primary election at which Hyde was chosen the Republican nominee for Governor, and in which those in charge of his campaign were making his support for Hyde in and near St. Joseph a campaign issue. McIninch of Springfield, Hyde's opponent, was considered strong.

Gary May Decline Place.
It is not improbable that Gary, to whom a definite offer of the chairmanship has been made with the Governor's approval if not personally by the Governor, will decline the place. According to the information here Gary is deeply interested in the very strong pressure is being brought to bear on him by relatives and business associates to induce him to decline. He is known as a hard worker and to those personally interested in him are said to fear that if he accepts the position he will work much harder than one of his advancing years should work.

While his offer to Gary and McIninch dispose of the two Republican places on the commission, the Governor would be able to name Britton if Gary should refuse to accept, but it is not believed here that he will do so, even in that event. The Governor's objection to naming Britton is not thought to be against Britton personally, but is against the commission, which the Governor would not be popular in the rural districts because of Britton's connection with the Federal Roads Commission. St. Louis, against which anti-city agitators of the Democratic type in the rural districts have created a prejudice.

It now appears St. Louis will receive one of the two Democratic places on the commission, which would be a very doubtful recognition for the city in view of the practice of the Hyde administration in ignoring Democratic members on boards which the law requires shall be bipartisan. It is a generally known fact that the Democratic members of the commission of penal institutions have virtually no voice in the affairs of the board, which is in the hands of the Republicans, a condition which has led to the fear that the Democrats will have little voice in the highway commission. It is possible that sufficient pressure could be brought to bear on the Governor by the business interests in St. Louis, which have borne virtually the entire cost of the campaign for the \$60,000,000 bond issue, to induce the Governor to name Britton if he refuses to take the chairmanship, and there is considerable doubt that the road law contains virtually all provisions necessary for the building of a good State system of roads, but the success of the road bond campaign given by St. Louis business interests, which contributed more than \$60,000,000, virtually the entire cost of the campaign, and because of the

street at Twelfth rain drops began to
sprinkle and in a few moments there
was a brisk shower, which sent the
parade, who for the most part wore
civilian clothing, to the shelter of
buildings.

The New York City Letter Carriers
band, which came first, followed
by a platoon of mounted po-
licemen, strode right ahead despite
the rain, and, countermarching at
Twelfth street, to return north, fol-
lowed by the lobby of the Post-Dis-
patch Building, where they played
"Pucker Up and Whistle."

Girls in Bathing Suits.

Hiding behind this outfit in an au-
tomobile truck of the St. Louis Post-
office was a group that really did not
care—seven girls in California bath-
ing suits, who advertised the dele-
gation of Atlantic City (N. J.) mail-
men by tossing salt water taffy to
the urinals and few spectators in
Twelfth street.

One group of delegates was wear-
ing white caps, white shirts and
white duck trousers. They quickly
disappeared under the Jefferson
Hotel portion. One automobile truck
loaded with members of the women's
auxiliary of the organization kept
going along the route. A number of
these trucks had started out cars at
Twelfth street.

There were eight bands in the line
when it started, including that of
the St. Louis letter carriers and
units from Chicago, Milwaukee,
St. Cleveland and Newark, N. J.

The bandmen wore special uniforms
similar to those they wear on duty.

Started at Moolah Temple.

The parade started from Moolah
Temple, Lindell boulevard and Mc-
Pherson avenue, where the conven-
tion had opened at 9 a. m. It moved
west by Lindell, Locust and Wash-
ington and was to have gone on
down Washington to take cars at
fourth street for a picnic in Forest
Park. There were about 700 dele-
gates at the convention this morning
most of them are thought to
be in the city, and the parade, which
broke up about 1 o'clock.

Hays Arrives Tonight.

Postmaster-General Will H. Hays
will spend five hours in St. Louis to-
night as the guest of the association,
which is a union of carriers. He
will arrive at 5 p. m. and will be met
at Union Station by a citizens' com-
mittee of which William Sacks, a
former clerk in the postoffice here,
has assumed wealth in the Okla-
homa oil fields, is chairman, to-
gether with a committee of mem-
bers. He will pause for 15 min-
utes in the midway to hear a min-
ute program of the men and women
of the welfare council of the St.
Louis Postoffice. Then the carrier
delegates, in uniform, will escort
him to Hotel Jefferson, where at
10 p. m. there will be a dinner to
honor citizens and officers of the
Letter Carriers' Association have
been invited.

Hays will deliver a speech before
the convention in Moolah Temple at
11 p. m. The public is invited. He
will depart for Cleveland at 5 p. m.
The convention will last until Sun-
day.

The Chicago delegation is accom-
panied by Arthur C. Lueder, whose
appointment to Postmaster of
Chicago was announced recently.

Annual Report Read.

The reading of the annual report
of the president, E. J. Galtner of
Chicago, Ind., was followed by ad-
vancement of the first session out-
of respect to the memory of a mem-
ber of the National Executive Com-
mittee, William A. Monahan of
Chicago, who died Monday.

Among the recommendations of
President Galtner's report were: op-
position to 1-cent postage as "being
unfair to incur the service" and
report of adequate postal rates to
cover the cost of operation.

Extension in the civil service code
to permit the easier advancement
of letter carriers to administrative
positions was that, in general, the
advances in higher positions should
be filled by promotions from the
rank in the department.

Advancement of the administrative
rank of Postmaster-General Hays,
which the convention reaffirm its
belief in the practicability of con-
sideration on terms of mutual re-
sistance.

That the confidence of the associa-
tion in the American Federation
Labor with which it is affiliated
be maintained.

Establishment of a civil service
board of appeals.

The establishment of a Saturday
holiday in the postoffice.

FOREST FIRE THREATENS 3 MINNESOTA TOWNS

White Pine Believed to Be Sur-
rounded—Salona Abandoned
and McGrath Is in Danger.

By the Associated Press.
McGRATH, Minn., Sept. 5.—White Pine, a lumber settlement, eight miles north of here, has been sur-
rounded by forest fires, it was be-
lieved here at noon. All wire com-
munication with the town was sud-
denly terminated then.

The town of Salona, seven miles
north of here, has been abandoned
as a precaution against loss of life.
A special courier was dispatched
immediately to ascertain the situa-
tion. Earlier in the day almost all
inhabitants had left the settlement.

A 25-mile wind this afternoon
added to the gravity of the situa-
tion, but forestry officials continued
efforts of forces to combat the
flames in the confident hope that
they could be controlled upon the
arrival of 500 guardsmen ordered by
the Governor.

The fire burning in the triangle
formed by McGrath, Salona and
Whitepine is the most serious in this
section. It is burning over an area
four miles long and three miles
wide.

A light frost last night nipped
vegetation and greatly increased the
fire hazard as the sun today dried
out the dead grass.

Refugees, settlers' families and the
townspeople from the fire-swept re-
gion, were cared for last night at Mc-
Grath and other towns and farming
communities nearby.

Residents of McGrath who yester-
day expressed the fear that the town
would soon be in ashes should the
wind change and sweep the fire this
way, were reassured by military
and State forestry officials today.

White Pine consists of a general
store and a sawmill, with a few resi-
dents. Several million feet of lum-
ber is stored there.

A shift of the wind yesterday saved
the village, for the time at least, from
the fire burning on a mile and a half
front through Jack pine and spruce,
which had worked itself to within
eight feet of large lumber piles in the
village.

Smoke and flames from the fires
were visible for 40 miles, causing
uneasiness in many sections which
are on the edge of the area swept by
the fire in 1918 known as the Moose
Lake fire, which caused a death toll
of more than 500 persons.

Guardsmen on Way to Fight Minne-
sota Fires.

By the Associated Press.
ST. PAUL, Minn., Sept. 5.—Four
hundred and fifty additional National
Guardmen entrained here at 2:35
p. m. today for the fire zone in Aitken
County. They will go to McGrath,
where the Duluth Tank Company
will join them. The men were
equipped to fight forest fires.

SECOND LEGION POST SEEKS
DISCHARGE OF MARRIED WOMEN

A resolution urging the Chamber
of Commerce to request its members
to discharge married women, whose
husbands are employed at salaries
adequate for their comfortable
maintenance, to make way for the
employment of service men out of
jobs, has been adopted by Joseph
M. Fournier post of the American
Legion.

Blakely post of the legion adopted
an identical resolution last week.

The War Veterans Centralized
Employment Bureau, an association
of the Red Cross, Chamber of
Commerce, Y. M. C. A., Salvation
Army, Knights of Columbus and
other organizations, will be opened
tomorrow in the Chamber of Com-
merce. The nucleus of the bureau
is the bureau established by the vet-
erans themselves after their recent
parade of unemployed. The tele-
phone numbers of the bureau are
Olive 719 and Central 1997.

UNION MEN CELEBRATE LABOR DAY WITH PARADE AND PICNIC

Continued From Page One.

nesting in nearby cornices. The
grand marshal, Lee A. Smith of the
street car men, and his four aids
were mounted on white draft horses.
The aids were H. S. Bishop, T. E.
Coyle, A. A. Nagel and Ernest Horst-
meyer.

The general divisions of the pa-
rade, and the division marshals
were: First division, street car men,
waitresses, theatrical workers, fire-
men and carpenters, Daniel J. Mur-
phy marshal; second, Typographical
and garment trades, Charles W.
Combs, marshal; third, metal trades,
J. O. Fritschle, marshal; fourth,
railway employes, packers and pav-
ers, J. R. Hawkins, marshal; and
fifth, chauffeurs and teamsters, Wil-
liam Ryan, marshal.

Clergymen in Line.

The delegates of the various local
unions to the Central Trades, who
marched directly behind the marshal
and aids, were headed by the Rev.
Carl Reed Taylor, rector of Grace-
Holy Cross Episcopal Church. He is
a member of Typographical Union
No. 8, which is now conducting the
strike of commercial printers.

The long procession of street car
men, was followed by the waitresses,
in white dresses, with headresses
made of white tissue paper, with
green ribbons. The Theatrical Broth-
erhood and moving picture opera-
tors were next.

The city firemen formed one of the
most regular and symmetrical groups
in the parade. Four negro firemen
formed the last squad of these
marchers.

Typos Carry Sunflowers.

Sunflowers were worn or carried
by many of the members of the Typo-
graphical Union. Most of them
also carried pennants bearing the
union label.

The first automobiles appeared in
the butcher workers' section. After
that, automobiles and festooned
trucks, loaded with young women,
were frequent.

The stove mounters carried a
service flag, which was one of the
few reminders of the war seen in
the line. One of the foundry
workers carried a pasteboard sign,
on which he had lettered a long pro-
test against the Chamber of Com-
merce and its stand for the open
shop.

"Punch Plan League" was the
legend on one of the standards of
the railway clerks and freight hand-
lers.

The music of the bands nearest
the spectators was varied by the
gong-like strokes beaten on a
resonant boiler, carried on a truck.

Autos and Trucks in Line.

Chauffeurs in sport cars, taxicabs
and expensive private cars, led
the chauffeurs' and teamsters' divi-
sion. These machines were followed
by decorated trucks.

The large dry goods stores had
trucks, and did furniture stores. Two
machines carried player-pianos in-
dustriously pedaled by young men.
The last unit was a large one, com-
posed of coal wagon drivers, many
of them negroes, some marching
some riding in touring cars and
some on trucks. The coal compa-
nies seized the opportunity to wreath
early buying.

There was a considerable group
of ice wagon drivers, some march-
ing and some riding in decorated
wagons. The occupants of one of
these wagons seemed to be enjoying
a little job of interior decorating,
and the liquid in a bottle they had
was not ice water. Several truck
drivers riding in a touring car
seemed quite hilarious and a traffic
police officer at Twelfth and Chestnut
streets looked in the tonneau to see
if he could find the cause.

"Spone," they chorused.

A negro brass band waiting in
Twelfth street for its turn to step
off created much amusement by its
rendering of popular songs. The
crowd liked the Southern twist in
its playing of "Kammy."

It was noticeable at various
points along the line of march, that
few persons removed their hats for
the passing of the national flag,

HOOPER CARRIES OUT REORGANIZATION PLANS

Thirteen Foreign and Domestic
Commerce Divisions Already
Created.

By the Associated Press.
WASHINGTON, Sept. 5.—Reor-
ganization of foreign and domestic
commerce into industrial divisions
with trained specialists at their
heads to aid the country's overseas
commerce, is rapidly nearing com-
pletion, according to Secretary Hoov-
er.

The industrial divisions were
created, Hoover explained today, to
give expert direction to the bureau's
staff of 600 foreign agents as to the
services which will be most helpful
to various branches of industry.

Thirteen divisions have already
been established: Fuel under C.
Morris of Washington, D. C., leather
under Arthur Burton of Boston,
elements under George R. Bell of
Jamaica, N. Y., foodstuffs under E.
G. Montgomery of Ithaca, N. Y.,
electrical machinery under R. A.
Lunquist of Minneapolis, rubber un-
der F. J. Palmerston of New York,
iron and steel under W. S. Tower
of New York, commercial law under
Archibald Wolfe of New York, lum-
ber under Axel Caholy of San
Francisco, and the automotive divi-
sion under Gordon Lee of Rochester,
N. Y. Other divisions are to be
added, including chemicals and spec-
ialties.

"The men in charge of these divi-
sions," Hoover said, "have been
chosen from the industries them-
selves and in most instances have
been selected in co-operation with
their trade associations so that they
may bring to the department not
only specialized knowledge and sym-
pathetic understanding of the prob-
lems of these particular industrial
groups, but in turn may interpret
to the foreign staff the needs of
these industries and develop the ma-
terial received in such form as may
be of the greatest use in the industry
to which it is related.

The bureau's geographical divi-
sions also have been reorganized into
five groups, consisting of Eastern
Europe under E. Dana Durand of
Romeo, Minn., Western Europe un-
der Allan G. Goldsmith of Milwau-
kee, Latin-America under Thomas R.
Taylor of Hammond, N. J., Near-
East under James A. Robertson of
New York, and Far East under
Frank R. Eldridge of Tacoma Park,
Md.

Body of Capt. C. J. Sodemann
Has Arrived at Hoboken, N. J.

The body of Capt. Clarence J.
Sodemann, who was killed in the
Argonne Sept. 29, 1918, while com-
manding I Company, 13th (St.
Louis) Infantry, has arrived at Ho-
boken, N. J., whence it will be for-
warded to St. Louis for burial.

Capt. Sodemann was 24 years old
at the time of his death. His pa-
rents, Mr. and Mrs. Christian Sod-
mann of 5514 Connecticut street,
came home last week from a Michi-
gan summer resort to await the ar-
rival of the body. No definite ar-
rangements have been made. The
Sodemann post of the American Le-
gion will have charge of the funeral.

Escaped Prisoner Under Arrest.

The St. Louis police today were in-
formed by the police of Peoria, Ill.,
that Thomas Skinner had been ar-
rested there. Skinner, an ex-con-
vict, was arrested as a burglar while
attempting to enter the office of the
Central States Life Insurance Co.,
3227 Washington avenue, July 1. He
was sent to the city hospital for ob-
servation and escaped from there
several days later.

MAN IS KILLED WHEN AUTOMOBILE HITS POLE

Another Seriously Injured in
Accident at Chouteau and
Mississippi Avenues.

Charles Metz of 3715 Cass avenue
was killed when an automobile in
which he was riding hit a telegraph
pole at Chouteau and Mississippi
avenues at 2:45 this afternoon. His
skull was fractured. He was pro-
nounced dead at the city hospital.

The machine was being driven east
by Frank Cole of 1228 South Eighth
street. Frank Brummitt of 1227
South Seventh street, another occu-
pant, was taken to the city hospital
suffering from internal injuries and
his condition was pronounced seri-
ous.

Cole and two other occupants,
Herb Booth of 1304 Chouteau ave-
nue and Ray Campbell of 1223 South
Eighth street, escaped injury. Cole
was arrested to be held for the Cor-
oner. He said he was driving about
15 miles an hour and that in turn-
ing out of the street car track the
machine swerved on the wet street
and hit the pole. Witnesses told po-
lice that the machine was going very
rapidly and skidded.

Perishing Messenger Dies of Injuries
After Collision.

Reginald Toohy, 18 years old, of
2430 North Spring avenue, a special
delivery postoffice messenger, died
at the city hospital at 2:15 a. m.
yesterday from injuries suffered last
Friday afternoon when his motor
cycle collided with a truck of the
City Lighting Department, driven by
William G. Wagner of 1424 Belt ave-
nue, at Billon and Clayton avenues.
He had concussion of the brain.

Frank George and his wife, Maude,
living at the Delmonico Hotel, 5622
Delmar boulevard, and Elmer Mc-
Glacken of 5149 Ridge avenue, were
injured at 1:20 p. m. yesterday when
an automobile in which they were
riding south on Union boulevard
struck an eastbound Union car at
Perishing avenue with such force
that the street car was knocked from
the rails. A police report said Mrs.
George was driving the automobile.

The three occupants of the auto-
mobile were taken to St. Luke's Hos-
pital. Mrs. George was cut on the
chest and legs. George had several
cuts on the scalp and McGlacken's
right knee was cut. All were suffer-
ing from shock. Traffic on the
Union and Olive-University lines was
delayed while the street car was be-
ing put back on the rails.

The young man killed in an auto-
mobile accident at Broadway and
John avenue, Saturday night, was
identified by relatives yesterday as
Elmer Wessler, 23 years old, of 1624
North Fourteenth street. He was
riding with Hugh McCullen of 718
North Third street, when their ma-
chine ran into the rear end of an-
other automobile.

HOW ITALIANS FOUND OUT WHEN AUSTRIANS WERE TO MAKE ATTACK

During the stay in St. Louis
Saturday of Gen. Pietra Ba-
doglio, the Italian war hero,
the following story, which is like-
ly to become famous in Italian
history, was related to a Post-
Dispatch reporter by Capt. Car-
los Huntington, the General's aid
and interpreter:

"In June, 1918, the Austrians
made their second great attempt
to cross the River Piave. This
attempt was frustrated when,
much to their surprise, one hour
before their attack was to begin,
we opened with a terrific bom-
bardment on their lines. To this
day I suppose the Austrian high
command does not know how we
timed that barrage so well. The
war is over, and now it is no
harm to tell.

"A month earlier an Italian
officer whose home was behind
the Austrian lines, was dressed
in peasant clothing, and taken
by airplane to a point in the
Austrians' rear. He had some
carrier pigeons. He made his
way to his own home and found
an Austrian division commander
quartered there. He was
pressed into service as a servant
for the Austrians, serving their
meals and cleaning their rooms,
which, as it happened to be in
his own home.

"While dusting the General's
room one day, he saw a general
order for the attack, which was
to be started in a fortnight. It
gave the exact hour. He copied
the order, put it on one of his
pigeons, and when the Austrians
started, we were ready for them
—in fact, just a little ahead.
That was the turning point on
the front. We stopped them
then, and four months later we
beat them."

FOUR KILLED WHEN TRAIN HITS AUTO

Fifth Member of Party of Tour-
ists Probably Fatally
Injured.

By the Associated Press.
BLOOMINGTON, Ill., Sept. 5.—
Four persons of an automobile tour-
ing party of five were killed when a
Chicago & Alton train struck their
car near Ocala, Livingston County,
yesterday afternoon. The fifth per-
son in the party, a woman, is expect-
ed to die of injuries.

Three of those killed have been
identified. They are Charles L.
Crawford of West Akona, S. D.;
Miss Augusta Reed, Slout City, Ia.,
and Carl E. Johnson, address not
learned.

The injured woman is Mrs. Carl
Johnson, according to her brief
statement.

CORNELIUS H. FAUNTLEROY DIES OF BLOOD POISONING

Old, an attorney and a prominent
layman of the Episcopal Church,
died last night at St. Luke's Hos-
pital from blood poisoning result-
ing from an operation for an abscess
tooth two years ago. He had been
at the hospital since June. He was
unmarried, and resided for several
years at 4150 Enright avenue. The
body will be taken to Winchester,
Va., the Fauntleroy family home-
for burial.

Fauntleroy was born at Winches-
ter, educated at the University of
Virginia, and was professor of Greek
in that institution from 1881 to 1884.
He was admitted to the bar at St.
Paul in 1890 and came to St. Louis
in 1897.

He was driven by George Miller, 25
years old, of 4070 Page boulevard.
He is the City Hospital with cuts
and bruises.

HABIT

"Fix any habit on the growing
brain and it will endure to
the end of life, like the scar
from a wound."

—Professor William James

YOUR son or daughter goes
back to school to learn the
habits of life. Under school discipline,
your child becomes versed in fundamentals.
He learns from nature study, that, thrift
and economy are good.

But to become thrifty himself, he needs the
guidance of a practical father and mother.
If neglected, habit may make him a hopeless
spendthrift.

Discipline your son or your daughter to
save a fixed sum of money periodically.
Systematic thrift is simply a habit.

Bring your child to this bank and let him
open an interest paying account. Keep him
coming here regularly—the law of habit
will do the rest.

SCIENCE CAN NOW END CORNS

Such Troubles Are Out-of-Date. Millions Know This Year.

A famous expert, years ago, solved the whole corn problem. The method is Blue-Jay—the plaster or the liquid. It stops pain instantly. Soon the whole corn gently loosens and comes out.

Now folks who pare or pad corns do themselves injustice. So do users of old methods, harsh and crude.

Blue-Jay is modern. It is approved by authorities. It is easy, simple, quick and sure. Just apply it and forget it, and watch what becomes of the corn. After that, you will never let a corn pain twice.

Remarkable Purchase and Sale of
New "Victoire" Jersey Silk Petticoats
With Choice of 16 of the New Fall Shades

\$5.75

First we want to tell you how unusually attractive these Petticoats are—and how well they will wear. The new "Victoire" silk jersey is entirely new in the Petticoat realm—soft, clinging, heavier than Milanese jersey and very good looking.

The Petticoats are made in the straightline style illustrated, scalloped around the bottom and finished with silk fringe. A favorite with almost every woman.

Colors—Taupe, zinc, bamboo, gold, French gray, Malay brown, caudron, American Beauty, dahlia, purple, white, electric, black, navy, Persian blue, green.

Petticoat Shop—Third Floor.

P. S.—Distinctive new fur-trimmed Suits are new arrivals of special interest, at \$85.

Our New Autumn Apparel

The foremost artists and designers of the world have developed the modes now being shown here. With more arrivals each day we are splendidly prepared for the Autumn season now at hand

New Fall Suits

Sponsor Such Smart and Varied Modes as These Sketched Above

There is no possible monotony in Fall Suits. Indeed, there are three distinct types of equal smartness—and much delightful variation of each mode.

The Spanish flare, the Russian Cossack box and the long, straight tubular coat are Autumn's offerings. Judging from our new assemblage, with its many distinctive representatives of each, they will no doubt make this a supreme Suit season. Stitched petals in a new decoration—shown on the moussyne tailleur above. Fur is used to charming advantage.

Special attention is directed to new Fall tailored and fancy fur trimmed Suits of duvet de laine, moussyne, tricotine and tweed, \$59.75 to \$95 to \$295

Women's Suit Shop—Third Floor.

P. S.—The new Fall models in Forsythe Blouses are now being shown.

The Oriental Influence Predominates in

New Fall Blouses

And its charm is told in every Costume Blouse. First of all you will find styles that more than hint of a mandarin coat origin—even to the wide kimono sleeves. They are often in rich Chinese red shades and trimmed with lovely Oriental and metallic embroideries that prove a delightful contrast to somber Fall Suits.

Other Blouses are in Persian crepes and velvets of exotic design, lovely brocades or with antique Chinese fillet lace panels.

You will not only pronounce them more beautiful, but more wearable and likable than ever before. Prices range \$10.00 to \$35.00

Forsythe tailored and sports Blouses of crisp striped dimity and madras are shown in dozens of new Fall models.

Blouse Shop—Third Floor.

P. S.—Girls going away to school will want to include at least one of the new pongee Blouses.

New Fall Dresses

Waver Between Gracefully Draped Black Crepes and Twill Coat Frocks

Therefore, the safest course for smartly dressed misses and women is to have both. Satin and brocade crepes are added to Canton, to fashion becoming Frocks in the new mode that contrives in varying ways, to achieve flowing bell sleeves, a slightly bloused waistline and soft draperies that fall into the irregular hemline. For trimming, rich Persian embroideries, steel nailhead beads, fringe and tassels give striking contrast to the black or navy background.

Special attention is directed to the charming crepe Frocks at \$45.00 and to an unusual value in Misses' Pointe Twill Coat Frocks at \$19.75. It is illustrated above—exceptionally smart in line and treatment.

Women's Pointe Twill and Tricotine Coat Frocks are featured at \$22.50 to \$150.00

Other Dresses Women's and Misses' Dress Shops—Third Floor.

P. S.—The Coat Shop shows a good-looking "Woolite" Topcoat with self collar and flaring sleeves at \$39.75.

Surprising Changes in the Lines Make More Interesting the

New Fall Coats

Not only in the general lines of the Coats (which either swing full from the shoulders, have a trim-fitting bodice, with full skirt or have very straight lines), but in sleeves and collars there are decidedly new notes.

Imagine the change from the sleeves of last season to those of the elegant new model illustrated—giving an individual interpretation of the wide bell sleeves now in vogue.

This Coat also displays the ultra-smart Tuxedo collar, which rivals the snug chin-chin for fashion superiority and newness on Coats.

Furs are abundantly and beautifully used—in collars, cuffs and borders. Dyed fitch, caracul and the long-haired furs being most popular.

A collar of dyed fitch and looped fringe embroidery appears on the stunning duvetyne Wrap sketched.

Women's Coat Shop—Third Floor.

P. S.—Lace Dinner and Afternoon Frocks are lovely new arrivals in the Costume Salon.

Fur Coats Will Be Pre-Eminent
in the Winter's Fashion World

By all means have a beautiful new Fur Coat ready for the first cold days. And invest now for the greatest satisfaction.

For several years every Winter has found Fur Coats the greatest desire or prized possession of every woman. This year they will not only be more to be desired, because of their supreme vogue, but much more beautiful and at such materially lowered prices that it will be no luxury for St. Louis maids and matrons to enjoy their smartness, beauty and comfort.

The Vandervoort collection is larger than ever—to meet an increased demand. Vandervoort quality still reigns supreme and our prices are guaranteed until Dec. 1st.

Fur Shop—Third Floor.

P. S.—A Fur Choker with the Fall tailleur gives a cozy warmth—and the sixth degree of smartness.

It Just Would Not Be Fall Without

New Plaid and Striped Skirts

—and stripes are favored over plaids this season—although there is often a clever combination of both effects—when a broad solid-color stripe flares back to reveal a checked or plaid stripe of equal width.

The alliance of the herringbone stripe and the solid color stripe is also extremely smart in Skirtdom. Both effects are new and becoming.

Our present selection of these new all-wool Skirts for Fall sports and street wear—and scores of other rich plaids and stripes, equally good looking, is unusually attractive—offering as wide a range of styles as prices \$4.95 to \$25.00

Particularly noteworthy are special values at \$4.95 and \$7.95

WINE SEIZE HOME BREW AT CHRISTENING CELEBRATION

Men Who Had Been Stopped Among Those Arrested in Sunday Raid.
Police yesterday raided a christening celebration at 1030 South Thirteenth street, confiscated two cases of home brew, and arrested a number of the celebrants, including Mrs. Nellie Cosentino, a Syrian, who had been stabbed in the right wrist, and Edward Koehler, who is being held on a charge of violating the Volstead act.

Mrs. Anna Gunther, who conducts a soft-drink place at 501 South Second street, was visited by two officers masquerading as thirsty wayfarers, and when she inquired which they preferred, "bottled in bond or moonshine," she was arrested and several bottles of whisky confiscated. William F. Cordes, who has a soft-drink place at 1401 Salisbury street, yesterday morning handed Henry Korte of 1415 Farrar street a bottle of something over the bar, with the admonition to "beat it," but two off-

cers lurking in the vicinity rushed in and seized Korte, confiscating the suspicious bottle and arresting Korte and Cordes.
Two bottles of moonshine whisky were confiscated when Bios Morin, an Austrian, who has a soft-drink place at 700 Market street, was arrested at 11 a. m. Six bottles of alleged moonshine whisky was taken in a raid at 3231 Olive street, where Mike Noonan, 3014 St. Vincent, the proprietor, and his bartender, Albert Baxter, were arrested.
William Masch, a soft-drink saloon at 1557 South Ninth street; his

bartender and a customer were arrested when the police snatched a glass of whisky from the customer as he was about to drink it.
THREE DROWNED ON SCHOONER
Craft Rammmed and Sunk by Steamer in Lake Ontario.
By the Associated Press.
BELLEVILLE, Ont., Sept. 5.—The captain and two members of the crew of the schooner Oliver Mowatt, of Picton, Ont., were drowned when the schooner was rammed and sunk by the steamer Key West, last Thursday night. News of the tragedy reached here yesterday when a member of the crew who was saved, arrived.
The accident occurred near Duck Island in Lake Ontario, and the captain of the Key West asserted the schooner was not carrying lights.

congress, just closed, started last night on a tour of inspection of the various mine experiment stations of the country in company with Dr. H. Foster Bain, director of the United States Bureau of Mines. Stations in Missouri, Colorado, Oklahoma, Montana and Washington will be visited.

Russian Revolution Was Inevitable, France Declares

Senator Says It Was Rational Result of Vicious Combination of Feudalism, Capitalism and Despotism.

JOSEPH IRWIN FRANCE, Senator from Maryland, who recently returned from Russia, (Copyright, 1921.)

MOSCOW, July 6 (by mail).—It is impossible to understand or to discuss intelligently the Russian revolution until there has come some comprehension of what the Russian revolution really was. Until I came and saw for myself I shared some of the common delusions concerning the revolution, notably that the revolutionists and communists took advantage of Russia's misery and desolation caused by the war and that they succeeded in bringing the country to a state of revolution.

The purpose of men did not cause the revolution. It was the inevitable result of events. Communism did not cause the revolution. The revolution caused communism.

The revolution was inevitable and it was not to be feared. It was the result of the economic system of Russia, which was more than the political, industrial, it was so hopeless that it could not be reformed. The old system was a failure. The revolution was the only way to a new system.

AMERICANS SOON TO RENEW MEXICAN OIL OPERATIONS

Tankers Which Have Been Anchored in Tampico Fields for Weeks to Begin Loading Today.

BOTH SIDES PLEASED WITH SETTLEMENT

President Obregon Says Fact That Work Is to Be Resumed Is the Cause for Great Satisfaction.

By the Associated Press.

MEXICO CITY, Sept. 5.—Immediate resumption of oil operations in the Tampico region by American petroleum companies, and the payment of postponed taxes, with the lifting of the Government embargo upon the companies' funds and oil in storage, will result from the agreement reached by Government officials and the heads of the five American oil concerns, which was reported Saturday night.

There will be an immediate movement of oil from Mexico after minor details have been adjusted. A settlement will be reached of all the great petroleum problems which have vexed the Mexican Government and American development companies for years.

The agreement reached in the conference which terminated late Saturday night the oil strike, which President Obregon, who has described it as a "happy and satisfactory solution to all concerned," the American oil men who participated in the conference, and the Government and five great oil companies looking toward an adjustment of problems growing out of recent decrees regarding the export of oil.

TEXT OF OBREGON MESSAGE TO MEXICAN CONGRESS IN REJECTING TREATY WITH U. S.

Executive Points to Acts of His Administration as Convincing That Amity Pact Is Unnecessary and Impossible.

Special Cable to the Post-Dispatch and New York World.

Copyright, 1921, by the Press Publishing Co.

MEXICO CITY, Sept. 5.—In the course of his address, which was read to the Mexican Congress in the lower house on the evening of Sept. 1, President Obregon said:

"It is quite apparent that one of the greatest difficulties with which we are confronted is a result of the abnormal relations existing between our country and the United States.

"This is accountable for the aloofness of several countries, although others have preferred more justly to follow the dictates of international law, which provides no other course than recognition of a government which is in accordance with its laws.

"The countries which have officially recognized the present administration of Mexico are, in America, Argentina, Brazil, Bolivia, Colombia, Costa Rica, Chile, San Salvador, Ecuador, Guatemala, Honduras, Nicaragua, Panama, Peru, Uruguay, Paraguay and Venezuela. In Europe they are Germany, Austria, Spain, the Netherlands, Italy and Sweden, and in Asia China and Japan.

LABOR SECRETARY ASKS FOR THOUGHT OF UNEMPLOYED

Davis Suggests That Day Be Dedicated to "Nearly Six Millions" Who Are Out of Jobs.

SAYS LIVING WAGE IS NOT SUFFICIENT

Declares That Something Must Be Advanced Toward Cause of Saving for Workingman.

By the Associated Press.

DETROIT, Mich., Sept. 5.—Dedication of Labor day, 1921, to the relief of the nation's unemployed, was proposed by Secretary of Labor Davis today in an address to the workers of Detroit.

In the past Labor day has been a holiday in honor of the man who works. "This year it is a day that millions of the nation's unemployed, who are not taking a holiday, but by going back to work at a job. Labor day this year dawned on a situation that calls to every loyal American for the best thought, the mightiest effort and the strongest faith he can summon. This year Labor day must be dedicated first of all to meeting this imperative human need of the day."

Employment in St. Louis Increased 3.3 Per Cent in August; 1.08 Per Cent in Country as Whole

Gain Recorded in 38 of 65 Principal Cities and Drop in 27—Increase in Building Operations Noted.

By the Washington Correspondent of the Post-Dispatch.

WASHINGTON, Sept. 5.—Employment in St. Louis increased 3.3 per cent from July 31 to Aug. 31, the Employment Service of the Department of Labor announced today in its monthly summary of labor conditions. An average increase of 1.08 per cent was noted in the country as a whole.

The computation was based on statistics gathered by the department's agents in 65 principal industrial centers. These showed that 423 concerns, usually employing 500 or more workmen each, had on their payrolls on July 31 a total of 1,510,210 and on Aug. 31 a total of 1,562,479, a net increase of 16,269. In the same establishments there has been a net decrease since Jan. 31 of 101,655, or 6.2 per cent.

Industrial classifications showing an increase in employment during the month were food and kindred products, textiles and their products, iron and steel and their products, leather and its finished products, stone, clay and glass products, metals and metal products other than iron and steel, tobacco, machinery and railroad repair shops. All others showed a decrease.

Increases in 38 of 65 Cities.

Increases in employment were shown in 38 of the 65 cities, ranging from 37.7 per cent in Youngstown, O., to less than 1 per cent in the Boston district.

Employment fell off in 27 of the cities. The largest drop was in Philadelphia, where it fell 3.1 per cent. In Toledo it fell 3.1 per cent. In Philadelphia, "At first glance," the report says, "the figures for August would seem to show that the low point in the present severe depression has been reached and passed; and that the country has at last definitely set out on the long uphill climb to normal conditions and better times."

"While this deduction is probably true, it would be a mistake to impute the figures with a significance not strictly in accordance with the facts. Hence in any just appraisal of the situation, it must be borne in mind that the improvement shown can be traced in great measure to the vast agricultural activities of the month of August, the major manufacturing, mining and transportation interests have given less conclusive evidence of the value and permanency of such small gains as they may have experienced."

Increase in Building.

"A happy augury is the very general increase in building operations, the survey showing that present activities in this line are greater than at any time since the nation entered the war."

"Other encouraging features in the situation, as emphasized by the survey, are the generally bountiful peoples seems to be growing closer. There is a greater exchange of ideas and mutual sympathy. During the last few months Mexico has been visited by several groups of excursionists. It is well to note also, as it throws more light on the true attitude of the American people, that in a desire to end the abnormal situation existing in the diplomatic relations between the United States and Mexico, the legislatures of the various states of the Union have recommended to the White House the recognition of our Government. These official requests have been reinforced by many private petitions, as well as those sent by chambers of commerce and other institutions."

"They have awakened in the Government a Mexico sentiment of profound gratitude. They would indicate that the time is not far off when the just spirit of fine sentiments of the American people will finally conquer over the narrowness of the past. It is to be hoped that the great good of humanity."

U. S. TRADE WITH RUSSIA FELL FAR BELOW 1920 MARK

Total for First Six Months of This Year Was \$19,600,000—Imports Down 50 Per Cent.

By the Associated Press.

WASHINGTON, Sept. 5.—American trade with Russia, according to a report from the Department of Commerce, amounted to \$19,600,000 for the first six months of this year, less than one-third the corresponding period of either 1919 or 1920, according to a report by the Department of Commerce.

During the first half of 1921, the report said, imports from Russia amounted to \$492,000 and exports to that country totaled \$12,600,000.

SPORTSMAN'S PARK, Sept. 5.

Threatening skies held down the attendance at the holiday double-header between the Cardinals and the Cubs this afternoon, about 5000 being present when play started.

Pertica was Manager Rickey's selection at the bat, with Ponder, the former Pirate, on the hill for the visitors.

It had been raining steadily since the first inning and it was extremely difficult to handle the ball cleanly.

FIRST INNING.

CHICAGO—Flack filed to McHenry. Holcher singled to right. Terry popped a foul to Ansmith. No hit. NO RUNS.

SECOND INNING.

CHICAGO—Barber walked. Maise sacrificed. Pertica to Hornby, on first. Hornby tossed out Grimes. O'Farrell singled to center. Barber scoring. Ponder fouled to Fournier. ONE RUN.

THIRD INNING.

CHICAGO—Flack out to Pertica. Fournier to Pertica, on first. Stock threw out Terry. NO RUNS.

FOURTH INNING.

CHICAGO—Doyle singled to center, scoring. Pertica to Smith. Fournier singled to center, scoring. Fournier stopping at second. Hornby walked, filling the bases. Mueller singled to right, scoring Fournier, but Stock was caught at the plate. Jack to O'Farrell. Hornby taking third. Freeman replaced Ponder. Italy went behind the bat for Chicago. McHenry tripled to left, scoring Hornby and Mueller. Lavan struck out. FOUR RUNS.

FIFTH INNING.

CHICAGO—Deal singled to left. Barber grounded to Lavan, whose throw to Hornby had Deal at second. But Koppers dropped the ball. Maise forced. Barber, Hornby to Lavan. Grimes singled to center, scoring Deal. Maise stopping at second. Daly filed to Mueller. Freeman struck out. ONE RUN.

SIXTH INNING.

CHICAGO—Deal filed to Mueller. Pertica deflected Barber's smash to Lavan who threw him out at first. Maise singled to left. Stock threw out Grimes. NO RUNS.

title for the third time
today at Forest Park, where he
beat Fred Josties 6-3, 6-4.

Drewes and Josties each had two
on the trophy, prior to yester-
day's match. The cup becomes
permanent property of Drewes
as a result of yesterday's victory.
Etta Rover won the women's
championship, defeating Miss
Endicott, 2-6, 6-4, 6-3.
Afternoon the doubles cham-
pionship will be decided, weather
conditions permitting.
Drewes and Elmer Schwarz will op-

19 Sizes and Shapes

The Magnolia and the
Corona Chica are big cigars.
Big in size, big in quality, big
in smoke luxury. Two big
brothers of the La Palina fam-
ily—the aristocrat of cigars.

Believe those who've tried
it, you'll have one big time
when you start a La Palina
puff—puffing. A Magnolia or
a Corona Chica will give you
a life-size chance to discover
the rich aroma, refreshing
flavor and delightful
smoothness and coolness of
"the quality cigar."

There's a shape for every
mouth, a size for every
taste, at your cigar man's
—19 in all.

**"EXPERIENCE" FILM
HAS FINE SETTINGS**

"Over the Hill" a Good "Mother
Play," "The Great Moment"
Elaborate, but Artificial.

The pleasing personality of Rich-
ard Barthelmess, careful selection of
types for the remainder of the cast,
fine photography and rich settings
make a notable picture play of the
film version of George V. Hobart's
allegorical playlet, "Experience." It
is the leading feature of the week's
bill at the New Grand Central and
West End Lyric theaters. The formu-
la for drama of this sort is not new.
It has been tried time and again
since "Everyman" scored a stage
success, but it has seldom been done
as well as in this current photoplay
offering.

The story is simple. Youth leaves
Love and follows Ambition into the
great world. In cabaret surroundings
he meets Pleasure, Intoxication, Ex-
citement and Temptation and has his
fling with them despite the admoni-
tions of Experience. These paths
lead him into an acquaintanceship
with Poverty and Delusion. There
is a poignant tragic moment when
he seems about to cast his lot with
Crime, but Memory saves him when
he hears the music of a hymn his
departed mother used to sing and
he returns in time to Love and
Hope. It is melodramatic and sen-
timental but so well done that it holds
the interest till the final fadeout.
Marjorie Daw, as Love; Nita Naldi,
as Temptation; and Kate Bruce, as
the mother, are excellently cast.

Production Based on Poem.
"Over the Hill," with which the
Liberty opens its season with ad-
vanced prices for the initial week
only, is based on Will Carleton's
poem, "Over the Hill to the Poor-
house," and is an ambitious effort
to follow the fortunes of a family,
with special reference to the heart-
aches of the mother, who sees her
children one by one leave home until
at last she is alone. There is a son
who has wrongly been convicted of
a horse theft, and there is a hypo-
critical son to whom the black
sheep sends money for his mother.
The money is withheld from her
and she is forced to go to the poor-
house. There is a real thrill in the
scene when the black sheep returns
home, discovers that his brother has
been withholding the money sent to
his mother. He clutches the thief-
ing brother by the coat collar and
literally drags him to the poorhouse
to force him to beg the mother's
pardon. An outstanding feature is
the excellent character work of Mary
Carr as the mother.

Wigs, makeup and bizarre light-
ings are important adjuncts of Gloria
Swanson's first appearance as a star
in "The Great Moment," the picture
feature of the week at the Missouri.
Miss Swanson is so bewigged, pen-
ciled and otherwise adorned that she
is scarcely recognizable as the same
young woman who gave so fine an
exemplification of beauty but slight-
ly adorned in earlier pictures. It is
difficult to locate the "great mo-
ment" in this extremely artificial
drama. Perhaps it is the moment
when, in a "revel" scene, supposed
to be laid in Washington, she jumps
into a banquet-room pond on which
the revelers have been dining in
boats.

Has Semi-Gypsy Role.
She has the role of a half-gypsy
daughter of an English Earl. A
snake bites her and while under the
influence of whisky given to her as
an antidote she marries a man whom
her father doesn't like. The father
forces an annulment of the marriage.
That causes her to plunge into dis-
tillation and the banquet pond. She
is about to marry a scheming villain
when the annulled husband returns
and she transfers the final clutch to
him.

"The Mystery Road."
A European picture, "The Mystery
Road," is at the Kings. While it was
made on the Continent in England,
the producers are the Paramount
company. This is the second such
picture shown here.

The disjointed series of episodes
which constitute the action propose
to follow the sentimental adventures
of one Dombey. First, this Dombey
has a liaison with a country girl.
Then Lady Susan comes into his life,
and he tells her all. Lady Susan is
forgiving, but along comes a French
wait to again distract poor Dombey's
attention.

For no reason which is apparent
in the picture, he lavishes luxuries on
the French girl and seems on the
point of accomplishing her ruin
when, with characteristic capricious-
ness, he changes his mind again, pre-
sents her to his fiancée and succeeds
in establishing her as a guest in the
house. At this point the forgotten
milkmaid of his youth reappears as
a high power "vamp," and, amid
scenes of bacarat and lady cigarette
flirts, renews her attempts to im-
prison this emotional butterfly's
heart. In the end Dombey is mar-
ried.

David Powell, an actor of presence
and force, is Dombey. Mary Blythe
is the heroine.

**LATEST GERMAN ZEPPELIN
TURNED OVER TO FRANCE**

According to Treaty Germany Was
Ordered to Turn Over Two Latest
Commercial Airships.

By the Associated Press.
WASHINGTON, Sept. 5.—The
last and also the latest of the Ger-
man Zeppelins, the "Nordstern," for-
merly the LZ-121, has been turned
over to the French Government for
commercial purposes, reporting to
the National Advisory Committee for
Aeronautics here. J. J. Ide, techni-
cal assistant in Europe, states that
this great airship, which is under the
control of the Service de Navigation
Aerienne, and not the French navy,

as are the other French airships, will
be employed in the Marseilles-Alge-
ria service.
According to the treaty, Germany
was ordered to turn over her two

latest commercial Zeppelins, the
"Bodensee" and the "Nordstern," to
Italy and France, respectively, as
well as to surrender her military air-
craft, and now this has been done.

The "Nordstern" is an air liner
measuring 423 feet in length and 61
feet in diameter. Her useful load is
25,300 pounds, nearly one-half her
total load, and she carries 45 passen-

gers and crew. She is propelled at a
speed of about 50 miles per hour by
four Maybach engines, two operat-
ing a single propeller in the rear car
and one in each wing car.

Emphasizing Sonnenfeld's Apparel Supremacy in This

Matchless Showing of Suits and Coats

The Most Complete and Comprehensive Collection Assembled in Years and Years

STYLES

From every authoritative style source
comes the new Fall and Winter apparel
shown here. Authentic and correct to
the most minute detail, critical women
and misses can make selection here with
the assurance that every Sonnenfeld
garment bears the approval of Dame
Fashion.

VALUES

By every standard of comparison you
will find the values presented here un-
excelled and in most instances un-
equaled. Go where you will, and we
urge you to do this, you will be all the
more impressed with the unusual na-
ture of "Sonnenfeld's values," for
they are supreme.

PRICES

For the past few years a good Suit or
Coat for \$25 was a thing unheard of.
Today it is a reality, at least at Son-
nenfeld's. And ascending gradually
from \$25 are Suits and Coats at prices
gauged to meet with everybody's purse
capacity—some plain, some embroidered
and many lavishly fur trimmed.

This collection embraces thousands of the newest Suits and Coats for women
and misses. Not a style theme is missing. Not a single one of the many ma-
terials—not one of the popular colors but what will be found here. The Suits
include fur trimmed, embroidered and tailored effects—all being richly de-
signed of the very finest fabrics. The Coats are in wrappy and belted styles
—some plain, some embroidered, and many lavishly fur trimmed.

ONCE UPON A TIME
THERE WERE NO DOCTORS!

The Doctor Was Not Much Needed Until
Folk Began to Break Nature's Laws.

Doctors Prescribe Prevention Is Better Than Cure.

Ninety per cent of all disease is
preventable, so doctors say. Eat
simple food, exercise wisely, sleep
sufficiently, and—what is vitally im-
portant—make sure of the daily,
regular, thorough elimination of
body waste, and the chances are nine
to one that you will keep well, work
efficiently and enjoy life. Bowel
elimination of food and waste is
all-important. But in case of ir-
regularity, disordered or imperfect
action do not make the common mis-
take of taking harsh, violently acting
medicines, with the idea of forcing
the bowels to act. Nature believes
in mild methods. She responds best
to persuasion.

So in selecting a simple remedy to
regulate and assure proper bowel
action, you should not use harsh or
violently acting remedies, no matter
how much has been claimed for
them. You should choose some well-
known, time tested, trial proven
remedy, that has made its reputation
by being used for many years, by
all sorts of people, all over the world.
Take Beecham's Pills for example.
Beecham's is a household word, has
been for many generations. Beech-
am's Pills is a household remedy,
has been for over half a century. People
not only take Beecham's but recom-
mend Beecham's to their friends.
Their use is handed down from
father to son or from mother to
daughter, from one generation to
another. Did you ever hear any
complaint or criticism of Beecham's?
Isn't that a pretty powerful endor-
sement of their worth? Druggists
are glad to sell Beecham's.

NEW YORK LABOR DAY PARADE
ABANDONED BECAUSE OF COST

By the Associated Press.
NEW YORK, Sept. 5.—Unemployment and the disinclination of union men to spend money for bands and uniforms caused abandonment of plans for a Labor day parade in New York City today, John Sullivan, president of the Central Trades and Labor Council, announced. This will be the first time in many years that there has been no parade on the first Monday in September.

Several thousand members of the American Federation of Labor Unions, who are also affiliated with the Loyal Labor Legion of New York City, will have an outing in a city park. Officials announced that at this gathering a drive would be started to impress upon members "the necessity for radically changing the policy and methods of dealing with employers."

The new constitution of the legion demands that "organized labor substitute reason for force, that autocracy be eradicated and that courts of arbitration with power to enforce obedience to their decisions be created in all states."

Aviator Killed in Fall at Houston.

By the Associated Press.
HOUSTON, Tex., Sept. 5.—Stephen B. Revenel, 24 years old, of Charleston, S. C., who was discharged from the United States merchant marine two weeks ago in Galveston, was killed yesterday when an airplane which he was piloting went into a tail spin and fell 500 feet. Randolph H. Clement, also of Charleston, who was in the machine with Revenel, was injured.

Marconi Says No Mysterious Long Waves Have Been Noted.

LONDON, Sept. 3.—In reply to a wireless message Guglielmo Marconi, aboard the yacht Electra, asking for details regarding his reported receipt of mysterious long wave signals, Signor Marconi, in a radiogram via Osmar, said:

"Haven't received, so far, any mysterious long wave signals on this trip."

TO REMOVE SKIN BLEMISHES

Use Black and White Beauty Bleach

Skin blemishes, such as tan, sun and wind freckles, liver spots, dark, yellow, motley blotches mar the complexion to the extent that one is apt to try a way of removing them that may result disastrously.

A safe, sure way to remove your skin blemishes is by the use of Black and White Beauty Bleach and Black and White Soap.

Black and White Beauty Bleach softens the skin—makes it clear, white and beautifully tinted, and removes any embarrassing skin blemishes. Black and White Beauty Bleach is a delightfully perfumed preparation and when applied it forms an invisible coating on the skin.

Ask your druggist for a free copy of the new Black and White Beauty Bleach and Dream Book. If he can't supply you, send his name and address to Black and White, Memphis, Tenn., and a Dream Book will be mailed you postpaid.

AFGHANISTAN RATIFIES TREATY GIVING RUSSIA GATE TO INDIA

Soviets Now in Favored Position With All Mohammedan Neighbors.

RIGA, Latvia, Sept. 3.—The Government of Afghanistan has just ratified the Russo-Afghan treaty, says a dispatch to the official Bolshevik Russia News Agency. The treaty, it is understood in Riga, gives Russia a large measure of preferred rights in Afghanistan, considered the gate to India, over which Russian and English diplomacy has contested nearly a century for dominating influence.

The favorable action of the Afghan Government toward Russia came, according to other advices re-

ceived here, simultaneously with interruption of Afghan-British negotiations for a similar agreement. It is pointed out that the Afghan treaty forms the final link in a chain giving soviet Russia a favored position with all her Mohammedan neighbors—nationalist Turkey, Persia and Afghanistan—and leaves Russia at peace with all neighboring countries except Japan and Rumania. Finland, Estonia, Latvia, Lithuania and Poland all have negotiated agreements with Russia, and understandings are said to have been reached by which the soviet government will have nothing to fear from China. The present Government of Mongolia is described as a soviet republic, strongly influenced by the Moscow soviet, which has stationed garrisons in the country.

OIL MEN SOON TO RESUME WORK IN MEXICAN FIELD

Continued From Page Nine.

were pleased with the conference. Later they said they had nothing to add to Secretary de la Huerta's statement. They were unanimous in expressing themselves delighted with the manner in which the discussions were conducted, and were especially enthusiastic in their praise of Secretary de la Huerta. Article 27 of the Mexican Constitution, which nationalizes oil deposits, did not enter into the discussions, they said, as this subject was considered purely a diplomatic matter to be taken up by the American and Mexican State Departments.

New Tax Agreement.
The statements of President Obregon, Senor de la Huerta and the oil men failed to give details of the tax agreement, other than that new arrangements for payment had been made. It is understood here, however, that the ad valorem basis fixed with the Mexican decree of June 7 is abrogated.

Senor de la Huerta's early morning statement that a satisfactory agreement had been reached was supplemented later by President Obregon, who said:

"I believe the arrangements that have been made will be highly advantageous to our country. They show the good will which has animated both sides throughout the conference in an effort to resolve the difficulties that have arisen on the oil question."

"The fact that work in the petroleum region will be resumed immediately is indeed the cause for great satisfaction. It will benefit the whole of the republic. Besides that, the precedent is established that no matter what difficulties may arise on this question they may be able of adjustment directly with the Government, without any intermediary. It is easy to understand that this constitutes a great advance over what has been done in the past."

"The presidents of the oil companies were here to bid me farewell, and I am under the impression that they go away satisfied with the results that have been attained."

Celebrations in Tampico.
Reports received here from Tampico say that that city, which has been in the doldrums throughout the entire critical period of the oil controversy, was the scene Saturday night of impromptu celebrations when news was received of the settlement. According to Walter C. Teagle, president of the Standard Oil Co. of New Jersey, several oil tankers which have been anchored in Tampico for weeks will begin loading today.

Reduced Cotton Rates Suspended.
By the Associated Press.
GALVESTON, Tex., Sept. 3.—The Interstate Commerce Commission has suspended until Jan. 3 reduced rates on cotton for export to the Orient from Texas and other Southwestern points to Pacific Coast ports, recently announced by transcontinental railroad lines, according to word received by the Galveston Commercial Association.

MORE TRUTH THAN POETRY By James J. Montague.

AT THE MOVIES.
Behind the lovely heroine, who trembles on the stair
In some vile slum, with terror numb,
While through the door the villains come,
The lady being much too dumb
To flee away from there.
But see the handsome hero crouch upon the mantel shelf.
He'll save her, though she lacks the wit to do the job herself.
One villain sees the hero, and his face grows dark and grim.
He cries, "You cur, you can't save her!"
I'll shoot you if you dare to stir.
And does the gentleman demur?
Oh! futile hope! Not him!
Fending hate at every pore, the villain murmurs, "Oof!"
And with a heavy anvil smites the hero on his roof.
This irritates the hero; he sits up and rubs his head.
He snaps his jaws, a gun he draws—
Ensues a tense and breathless pause,
And then, regardless of the laws
He shoots the dastard dead!
The villain bites the stairway with a deprecating sneer.
His evil pals both duck their heads, and swiftly disappear.
Although our fine dramatic taste full frequently we vaunt,
Though such a show we say is low,
You notice that we always go,
Because the movie writers know
Exactly what we want.
These scenes of crime and violence we eagerly sit through,
And watch with thrilling hearts the deeds that we're afraid to do.

It is said that once when Joseph Choate was Ambassador to London, or whatever he was, he was seated at a formal breakfast beside an embarrassed and deeply impressed young lady from his home country, when the Yankee maiden clutched his arm and whispered:
"Oh, Mr. Choate: Mr. Choate, I've dropped my egg—what will I do?"
"You might cackle," suggested Mr. Choate. "I understand that is what hens do under similar circumstances."—Detroit News.

What is the Ku Klux Klan? How has it grown from a group of 15 charter members to a ship of more than 500,000 members?
How have its "domestic realms" been "conquered" until they embrace every Union but Montana, New Hampshire?
What are the possibilities of an organization in which membership of private corporations is practiced behind the anonymous mask and robe?
At the end of an inquiry into the United States, the patch and the New York day begins the publication of articles in which answers to questions will be offered, against the background of extraordinary a movement as found in recent history.

The Knights of the Ku Klux Klan, Inc. was organized Oct. 6, 1915, in Atlanta, Ga., by William Simmons, who at one time in life had been an itinerant preacher; at another, pro-Southern history at Lan-caster, a small, nearly forgotten settlement in Atlanta, and at other, a solicitor of membership in the Woodmen of the World. Gate Simmons and 23 of his signed a petition for a charter of a standard fraternal society which charter was issued by the Grand Council of the United Klans of the World, Inc., on July 1, 1916. Now the organization is in every state of the Union. It has a membership of more than 500,000—of 450,000, according to the boasts of its leaders. When the organization was founded, it was a rebirth of the Ku Klux Klan of the reconstruction period in the South, and, original Klan, its slogan was "Supremacy." It was directed by the negro.

Now the negro has become an issue with it, and it is more than twice as fast in the North and West as it is in the South.
As the cards of invitation to membership state:
"Only native-born Americans who believe in the Christian religion, and who have no allegiance of any degree to any foreign Government, political institution, people or person are eligible."
How has it managed to grow so widely and rapidly? It owes its growth to employment of a large number of professional salesmen, who country in an up-to-date organization and peddle membership on a basis of \$4 for every taken into the Klan. These salesmen, or Kleagles, are directed from Atlanta and various cities where the managers, or King Kleagles, set up their headquarters. This drive is being active in scores of communities out the United States. The collect no initiation fee each new member makes a donation of \$10, of which the keeps \$4 and sends the remainder to the Kleagle, who keeps \$1. The remaining \$5 goes to the "imperial" treasury of the Klan.
Furthermore, the Klan is the company manufacturing of cotton robes and hoods which is sold to members and costs \$1.25 to make. The "propagation" department heads of professional leaders. In the last five years the Klan has yielded at least \$1,000,000 and sales of robes and hoods are estimated at \$1,000,000.
